

Sports Premium Funding (April 2015- April 2016)

From September 2015 the school received £9,500 to promote sport and activity for all pupils. The school has always had a strong and dedicated commitment to sport and we have always offered a range of after school activities for pupils to join. Nevertheless, we have used the money to increase pupil activity and improve the quality of PE in the following ways:

Action	Cost	Impact
<p>We have subscribed to Chesterfield School Sports Partnership.</p>	<p>£1600</p>	<p><u>Action Plan and Planning</u> The Partnership conducted a thorough audit of our PE provision which informed our action plan to improve PE and activity at school.</p> <p><u>Competitive Community Sports</u> Through the Partnership we have taken part in and continue to take part in local tournaments and competitions, including; tennis, cricket, basketball, netball, tag rugby, athletics, quad kids, swimming and cross country running. 'Brockwell Badgers', through the clubs provided by BJS, have been very successful in these competitions, bringing home many certificates and trophies(see competitions board and Clubs and Competitions information on the internet) – which in turn has increased the chn's self-esteem, team work skills and raised participation from 1 team entry per event to 3-5 team entry.</p> <p><u>CPD</u> SSP allows us, as co-ordinators and teachers, to access training for professional development and to access coaches for professional teaching. This provides teachers with a greater confidence and a wider subject knowledge to deliver a higher quality curriculum with a broader breadth of skills.</p> <p><u>Children in Leadership</u> SSP has allowed us to train children to become active</p>

		<p>mini-leaders (28% of year 5's trained), mini-motivators (6% of Year 6 trained for dance with 20 chn dancing 3 times a week – impact on physical activity of girls during playtimes), sports ambassadors (6% of year 6 trained, delivering Bocce to 20 chn, including 2 wheelchair users once a week – impact on inclusive sports) and change4life leaders (25% of year 5/6 trained, with 20 chn participating twice a week – impact on the less active / lower ability) . This has not only increased the level of activity during playtimes but has also promoted leadership, building self-esteem, extending the potential of pupils in an enjoyable and fulfilling environment.</p> <p><u>Bikeability</u> All children in year 4 given the opportunity to train to level 1 (90% uptake) with all children in year 5 being given the opportunity to train to level 2 in May. 94% of children took part, including 1 Y6 child who had recently learnt to ride a bike at Whitehall. Through the partnership we have already gained the Silver Kite Mark for PE and Sport and are now working on the Gold Kite Mark.</p> <p><u>ACTIVE TRAVEL – MOVING MORE</u> Brockwell will again signed up to Chesterfield's Active Travel initiative. We work closely with a large team; SSP, DCC etc. we aim to increase and sustain active travel to and from school. Our focus will be on scooting, walking and cycling. Some of the initiative to be implemented throughout May, June and July are; Active Ambassadors, JRSOs (Junior Road Safety Officers, road safety training for years 3 and 4 and Travel Smart week. We aim to increase our achievements from the Bronze Star award to the Silver Star by July.</p> <p><u>May</u> 4 year 5 children attended the Travel Smart Young Abbassadors training. They learnt how to plot maps, stay safe with 'Be Bright, Be Seen' etc. The children now have the knowledge and skills required to hold assemblies and initiate incentives within the school.</p>
<p>Coach Expences To enable children to take part in competitive sports</p>	<p>£200</p>	<p>Cross Country - 26 Children, across year 4,5, and 6 took part in the Cross Country event at Mount St Marys. There was much success with several gold, silver and bronze awards. This allowed the children to experience individual success. Many more children experienced team success with Gold and Silver awards being earned.</p>

	<p>£250</p> <p>£200</p> <p>£100</p>	<p>Athletics – After successes for the Athletics A and B team in the heat round. Team A went on to win the Chesterfield Finals and were invited to participate in the Derbyshire County Finals. Finishing in 4th place, the children were able to experience a higher level of competition successful, yet also accept disappointment in equal quantities.</p> <p>Quad Kids – 4 teams entered into the Quad Kids completion at Mount St Marys.</p> <p>Dance Festival – 24 year 4 children were able to experience working as group in preparation of participating in a large ‘showcase’ event. This was the first time many of them had danced ‘professionally’ on a stage, in front of a large audience. Feedback from the children suggests that they felt proud of their achievements, they were able to overcome nerves and worries. 6 Year 6 children lead the Dance club and choreographed the dance – giving them experience of leadership.</p>
<p>CPD - Invasion Games Coaching.</p> <p>To develop the skills of the Year 3 teachers in implementing and assessing invasion skills based PE lessons.</p>	£600	<p>Colin Allen worked along side the PS and HC to deliver high quality Invasion Games skills based lessons. The sessions started with CA teaching a session whilst the teacher observed. The following week, the teacher repeated the same session. The sessions continued this alternating pattern. On the final session, the staff members were observed by CA and feedback was given against the OFSTED led criteria.</p>
<p>CPD – Striking and Fielding Coaching.</p> <p>To develop the skills of the Year 6 teachers in implementing and assessing striking and fielding skills based PE lessons.</p>	£600	<p>Colin Allen worked along side the HB and DP to deliver high quality Striking and Fielding Games skills based lessons. The sessions started with CA teaching a session whilst the teacher observed. The following week, the teacher repeated the same session. The sessions continued this alternating pattern. On the final session, the staff members were observed by CA and feedback was given against the OFSTED led criteria.</p>
<p>CPD – Net/Wall Skills</p> <p>To develop the teaching</p>	£300	<p>NS worked alongside DP and WB to deliver high quality Net/Wall skills based lessons. NS also provided/demonstrated opportunities to include</p>

skills and confidence of the Year 5 teachers in delivering Net/wall based skills.		wheelchair users within the sessions.
CPD training	Free – part of the CSSP	Inclusive P.E. – All members of staff, including some support staff, attended an INSET training day on inclusive P.E. Each member of staff said they feel more confident and knowledgeable in adapting P.E session to meet the varying needs of all children.
New Equipment	£1000	New Javelins to enable 1 javelin between 2 children. Soft balls for indoor P.E and differentiated/inclusive P.E. Sports bibs so that children can be divided into smaller teams, enabling more children per session to experience team leadership.
