

The Online Safety Hub

Information for Parents and Carers

Understanding
How much do we already know
and how much do we really need
to know?

What's hot?
A look at the most popular apps
and games

Next steps
Should we block and filter what
our children see online? Is taking
about it enough?

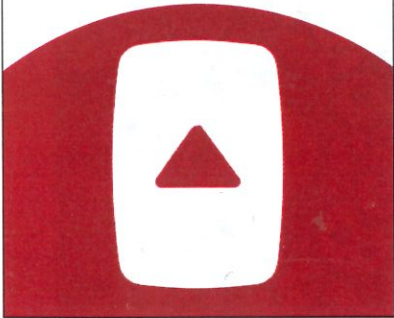

Support
Further support and guidance for
parents and children

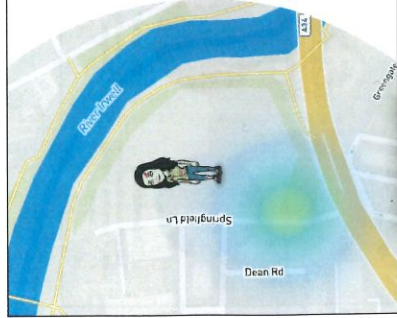

**Early years:
Where it starts**

Boundaries and consistency are key at this age

Primary favourites:
self generated content

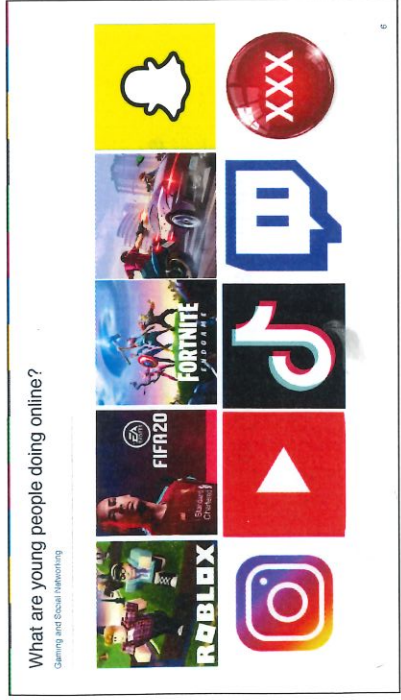

Making videos and sharing them
Positives, negatives

Getting older:
Behaviour changes

Location sharing, live streaming, gaming,
sometimes pornography

What are young people doing online?
Gaming and Social Networking

JOIN ME LIVE TOMORROW

- Gaining Popularity**
From 1022 awards. More viewers than streamers at this point.
- Talent Spotted**
I want to be the next big thing! What will young people do to be talent spotted? Buy a movie?
- Gifts and Skins**
In app purchases mean you can gift and be gifted virtual presents - these can be exchanged for cash.
- Sharing Personal Information**
Full names, location sharing, answering questions that people ask. Keep it private.
- Report and Block**
If you see something, report it. If someone says something to your child make sure they can report and block.

- It's about FUNCTIONALITY!**
You don't need to know everything about everything.
- Location sharing**
Check if the app will share your child's location. Show them how to turn this off!
- Chat facility**
Video chat, in app messaging, one to one chat, anonymous chat. Can you chat back to chats?
- Age restrictions**
Is the app or game age appropriate? games are rated according to content and language.
- Going Live**
Can you broadcast yourself from the app? Can you have one around that? What are they?

Parents and Carers Support

Quality advice and support

Let's keep kids safe online

parentzone

internet matters.org

THINK U KNOW

Net Aware
NSPCC and Ofcom working in partnership to help parents and carers make online choices for their children. Get info or view a real life guide - all free of charge.

Parentzone
Hundreds of common sense information for parents and carers. In depth look at certain apps and websites. Information and advice. Free to use.

Internet Matters
Expert support and practical tips to keep your children safe online. Advice sorted by issue and also by age.

Think U Know
CEOP's website with a section just for parents and carers. Stronger focus around sexual exploitation.

Young people's support

Information and support especially for young people

Report Harmful Content
A new website which assists young people to report concerns on a huge variety of issues

ChildLine
Advice and support on all aspects of staying safe and healthy

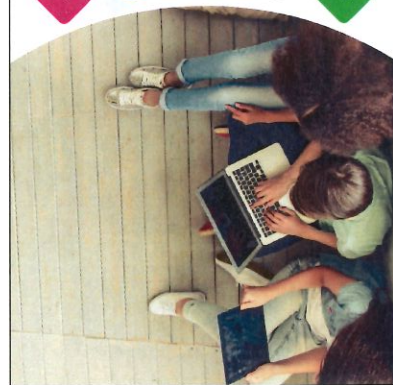

CEOP
The website is full of age appropriate information. CEOP also manage the REPORT ABUSE button

For life app
ChildLine app that allows children to text to a Childline Counsellor. The app is password protected

10

Set clear expectations

Be clear and consistent on times and behaviour. Set a family plan. Revell it!

Rewards and Sanctions

If your child manages their online behaviour - reward it!

Engage with their online world

Be OK to check devices. Check in with what they like to do and why!

Trust them to do the right thing

Generally they are more astute than you think. Help them to block inappropriate or harmful content.

Think!

Break taboos and be a safe place for them if things go wrong

11

Keep risk in its place

For the vast majority of time, our children are perfectly safe online.

Model good behaviour and ask before you share!
