

Online Learning

Name.....

Below are the web addresses, user names and passwords for you to complete learning at home.

Your teacher will set you a range of activities to complete. Your teacher can see your account so will add activities during the term as appropriate. Do remember to balance screen time with other activities each day. Writing a story or diary, making a scrap book, playing board games or painting a picture would be fantastic.

Subject	Website	Username	Password	Additional information
English	www.activelearnprimary.co.uk/login  		year3 year4 year5 year6	School code is pr93 E-books and activities set will enable you to practise your comprehension, fluency and understanding of grammar and spelling rules. Note - there are two applications – WordSmith and Grammar / Spelling Bug.

READING Please read every day. You have your school reading book and a reading journal to complete. In addition, there will be a class e-book allocated to you on WordSmith. As an extra, you may also read your school or Chesterfield library books – and any other magazines or books you choose.

LEARNING CHALLENGES On our website www.brockwell-jun.derbyshire.sch.uk you will see this term's learning challenges and 'Did You Know' posters. It would be great if you could research and explore some of these questions and posters. What can you remember? Can you draw a mind map / organiser to show what you have found out?
