

Dear Parents and Carers,

Some children have had experience of Doodle already. To support and excite all children in school and as part of homework, we are pleased to let you know that we are now extending our investment to offer every child in school access to a fantastic learning package - DoodleMaths and DoodleEnglish - award-winning learning programmes.

You'll find your child's pass with their username and password coming home with them shortly.

Why DoodleMaths and DoodleEnglish?

- Doodle improves children's confidence and ability in Maths and English. Using the apps for just 10 minutes a day is proven to help children make three months of progress in just one month!
- The intelligent algorithm powering the apps learns what your child's strengths and weaknesses are and builds **a completely personalised work programme** tailored around them.
- It's fun and engaging, with educational games, motivational collectables and regular nation-wide challenges and competitions to take part in!

Follow these steps to get started:

- Download **the FOUR APPS - DoodleMaths, DoodleTables, DoodleEnglish and DoodleSpell** onto an Apple, Android or Amazon device
- Ask your child to sign in using the details attached (remember, it's case sensitive!)
- Link your parent account when your child has received his/her details, by either asking your child to login to the app and tap on Grown Ups or, via [parents.doodlemaths.com](https://help.doodlehq.com/en/articles/2892158-how-to-link-a-parent-account-to-a-child-s-school-account). Please follow the instructions in this link <https://help.doodlehq.com/en/articles/2892158-how-to-link-a-parent-account-to-a-child-s-school-account>
- Let your child work through their x-a-day exercise without any help - encourage them to do it independently, and if they're really unsure, guess! Please DO NOT HELP WITH THE CONTENT as the programme will become too challenging. They can access help and hints within the apps. PTO

- You can log in to parents.doodlemaths.com with your Grown Ups username and password to see how your child is progressing
- You can download the DoodleConnect app or log in to the Parent Dashboard to receive progress snapshot updates

Please encourage your child to be within their target zone by earning their target number of stars per week.

You can access the Doodle Team directly without contacting school. This support is part of our subscription.

If you have any questions, please visit help.doodlehq.com or speak to the Doodle team by clicking on the chat icon on doodlemaths.com.

We hope you find using these programmes positive and look forward to seeing all their stars.

Best wishes,

Catherine Holmes

Emma Crutchley (Deputy Headteacher / English Lead Teacher)

Julie Cooper (Mathematics Lead Teacher)
