

History

Intent

To deliver a rich, relevant and chronologically sequenced curriculum which motivates and inspires.

To help develop historical skills, concepts and subject knowledge in order to turn learners into young historians.

To encourage pupils to recognise the importance of historical events and consider their impact on their lives today.

Implementation

A learning challenge question based study to focus learning and teaching.

A vocabulary rich delivery which is agreed upon prior to teaching to ensure consistency and progression.

Knowledge organisers and displays actively used to consolidate and support learning.

Books linked to learning readily available in the classroom.

Pupils are taught in a variety of ways, using a variety of resources and our local environment to make the subject come alive.

Impact

To develop a love of History and encourage the 'young historians' within them.

To be able to talk about their learning using the relevant vocabulary.

To access quizzes to show knowledge has been embedded in their long term memory.

To quip pupils with knowledge and understanding which will enable them to access KS3 and beyond.
